## Disconnecting the USB cable

After completing the file transfer, you must disconnect the cable in the following way:

*1* Double-click on the green arrow in the taskbar on the bottom right of the window.

Click

2 When the [Stop a Hardware device] message appears, press the [OK] button and disconnect the USB cable.

Safely Remove Hardware

Select the device you want to unplug or eject, and then click Stop. When Windows notifies you that it is safe to do so you unplug the device from your computer.

Hardware devices:

Turning Power On and Off

● Power On : Press the ▶II button to turn on the power.
● Power Off : Press and hold the ▶II button to turn off the power.

Playing Music (Power On)

Press the ▶II button.
● Playback starts automatically.

### Pausing Music (Power Off)

Press the ▶II button to pause playback.
● If no buttons are pressed within 10 seconds (or a custom set Power off time you selected), the unit will automatically shut off.
● While in Pause mode, press the ▶II button again to resume playback.

Connecting the USB cable

➤ Before connecting the player to your PC, make sure to install the USB driver.

Insert the Installation CD into the CD-ROM drive and then click [Install Player USB Driver].
Complete the installation by following the instructions in the order as they appear in the windows.
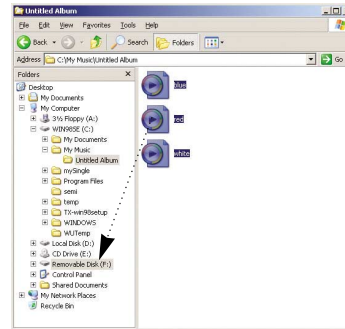

1 Connect the USB cable to the USB port on your computer.

2 Connect the other end of the USB cable to the USB cable connection port on the bottom of the player.

 ● If you disconnect the USB cable from your PC while implementing a command or initializing during USB driver installation, your PC may not function correctly.

3 The USB driver is installed with a message saying that it is searching for a new device. You may not see the display screen during installation.
Go to the device manager to check that installation has been successfully completed.

4 Upon installation of the USB driver "SAMSUNG YP-T7 USB Device" will appear in the **[System Properties]** → **[Device Manager]**.

Downloading/Uploading files

1 Connect the player to your PC with the supplied USB cable.

2 Open Windows Explorer on PC.
 ● Removable Disc is displayed in Windows Explorer.

3 Select the files to save. Drag and drop them into respective folders in the removable disc.

 ● Place music files in the removable disc, text files in the TEXT folder, and image files in the IMAGE folder.

⚠ Notice
- Disconnecting the USB cable while downloading or uploading files may cause malfunction of the player.
- The music file order displayed in Windows Explorer may differ from the play order on your player.
